

CUBE-ER SURFACE DOWNLIGHT

BRITLITE CUBE-ER Series, this series of LED surface mounted ceiling light is a commendable choice for commercial and residential places, like home, shop, hotel, restaurant and so on.

It adopts aluminum profile providing excellent thermal dissipation. Secondly, the driver can be fixed into the light body, which is more convenient for customers to save space and to install them.

Application:

- Shopping malls, jewelry shops and fashion stores.
- Art gallery, furniture, museum and showroom lighting.
- Gym, hotel, hospital and stage lighting.
- Food Lighting (Meat Fruit Vegetable Bread etc.)

CUBE-ER

SURFACE DOWNLIGHT
