

PATHWAY LIGHT - II

BRITLITE LED RECESSED LIGHT FOR OUTDOOR LIGHTING

A driveway is more than just the entrance to one's home or office, but a secure and welcoming salutation. A well-laid driveway, whether it's gravel, stone, cement, or brick, can only be improved with the addition of a lighted border

Whether emphasizing a mood-enhancing landscape feature or increasing step visibility for safety, this Round LED Driveway light is designed to adapt those lighting needs.

This high-quality LED is constructed with heavy-duty cast aluminum material which makes it stylish and modern while still durable and strong. It has a modern and simple circular design, with gray finish.

Product Code	Light Source	Luminous Flux(lm)	Operating Voltages	Working Temperature	CRI	IP
